It's China's largest trade show and conference dedicated to digital signage & the DOOH industry: the upcoming Shanghai Digital Signage & Touch Technology Show will be held Sept. 4-6th in the Shanghai World Expo Exhibition & Convention Center.

The exhibition area is around 20000 sq m, gathering more than 300 well-known suppliers. Products on the show floor include: the all-in-one kiosk, large size display terminals, multi-function terminals, LCD and outdoor displays, glass-free 3D displays, 3D virtual dressing rooms, different splicing, special-shaped screens and spliced screens, large-screen multi-touch displays, transparent screens, multimedia information publishing systems, multimedia displays, and more.
