rAVe USA reports Barco will introduce a series of new products for its corporate audiovisual line, including three new projector families — the **Present**, the **Collaborate** and the **Impress** lines.

The **Present** line is a series of one-chip DLP projectors ranging in brightness from 5,000 lumens up to 10,000 lumens. They are designed for boardrooms, houses of worship, large venues or meeting rooms. The line offers a white design, can be ceiling mounted or rest on a table top, and the controls offer a simple one-button remote. The brightest model, the PJWU-101B, offering 10,000 ANSI lumens is the brightest one-chip DLP projector on the market, according to Barco.

The Present models (Model # -- Brightness-- Resolution) are:

- Model # Brightness Resolution
- PFWX-51B 4,750 ANSI lumens WXGA 1280x800
- PFWU-51B 4,650 ANSI lumens WUXGA 1920x1200
- PGXG061B 6,750 ANSI lumens XGA 1024x768
- PGWX-61B 6,200 ANSI lumens WXGA 1280x800
- PGWU-61B 5,900 ANSI lumens WUXGA 1920x1200
- PHXG-81B 8,500 ANSI lumens XGA 1024x768
- PHWX-81B 7,300 ANSI lumens WXGA 1280x800
- PHWU-81B 7,500 ANSI lumens WUXGA 1920x1200
- PJWU-101B 10,000 ANSI lumens WUXGA 1920x1200

Barco Intros New High-Brightness Projector Lines

The new **Barco Collaborate** line of meeting room and large venue projectors is focused on making collaborative meetings easier. It features resolutions up to WQXGA (2560x1600) and a wide aspect ratio, as well as all-glass lenses and high brightness color wheel for sharp images. With the extra wide resolutions, Barco designed them as an alternative to a traditional set up with a dual channel blend.

Collaborate models (Model # Brightness Resolution) include:

- CNWU-61B 6,000 lumens WUXGA 1920x1200
- CRPN-52B 5,000 lumens Panorama 2560x1080
- CRWQ-62B 5,500 lumens WQXGA 2560x1600

The **Impress** projector, Barco's final introduction, is a 3-chip DLP projector with a variety of interchangeable lens options, offering installers flexibility.

Specs (Model # Brightness Resolution) are as follows:

- MSWU-81E 8,300 ANSI lumens WUXGA 1920x1200
