The industry's fastest growing segment of the ProAV market was well represented last month at InfoComm with more than 50 exhibitors that specialized in DS products. rAve USA documented most of the important news...here are some of our favorite videos:

[Visix](#) launches a suite of new products [CQ Media](#) 's CQ Campus and Hypersign updates at InfoComm

[CognoVision](#) 's demo in the NEC booth

[Sharp's PN-E421](#) Digital Signage Monitor!

NEC's Vukunet explained by the CEO

Sony demos [Ziris DS software's capabilities](#)

[Samsung shows PC over IP \(built-in cloud computing\)](#)

LG demos [SignNet, a complete DS network](#)

[Samsung shows rAve their Digital Signage stuff](#)

[C-nario demos their DS signage solution](#)

[Boland](#) enters DS Market with 4:1 aspect ratio monitor
