

New Demonstration Suite for ONELAN HQ

Written by Bob Snyder
06. 08. 2015

ONELAN has opened the new demonstration suite at its UK headquarters in Henley-on-Thames to showcase its full range of digital signage players and vertical market applications, including the new **Reserva** room booking system.

ONELAN's 4K expertise and experience is evident with an NEC 2x2 video wall with 4K loop-through, along with a 4K windmill configuration video wall which is driven by a combination of ONELAN / Datapath technologies.

The demonstration area is comprised of collaborative solutions with trusted partners, such as: **Datapath, onemedia, NEC, LG, Samsung, Jansen, Peerless,** and **Realisation**
